

Math 115 – Calculus with Management Applications Winter 2024 (Asynchronous)

Instructor: Mrs. Theresa Powers

Email: profpowersmath@gmail.com

I have been teaching College Level Math for the past 30 years and here at Marist for the past 9 years. I enjoy teaching college students and especially Marist students since I graduated from Marist with a degree in Math (Class of 1985).

I have used distance learning technologies to help students for over 10 years. I look forward to making this online course as user friendly as possible.

On Brightspace, you will find guided note pages for you to print and take notes on while watching videos of me teaching (also on Brightspace).

Homework and the text (see info below) will all be provided on mylab (Pearson online). Tests will be given through a secure program (ZipGrade). As the time for the tests approach, I will email you the Access Code to take the test.

And of course, you can always email me questions about the material and we can arrange for any extra online help that might be needed.

*Note: This course is completely online with no live meeting times.

Text: Available through mylab: Pearson. This is also where we will be doing interactive graded assignments..

Calculus with Applications 11th Edition

Author(s): Lial, Margaret | Greenwell, Raymond | Ritchey, Nathan

Textbook ISBN-13: 9780321979421 (we are using the online version described below)

Series: MyLab Math

To register for Math 115 – Calculus with Management Applications:

1. Go to <https://mlm.pearson.com/enrollment/powers39307>.
